

M-ERA.NET

ERA-NET FOR RESEARCH AND INNOVATION ON MATERIALS AND BATTERY TECHNOLOGIES SUPPORTING THE EUROPEAN GREEN DEAL

- Network of 49 funding organisations from 35 countries and regions in Europe and beyond

M-ERA.NET Objectives

- Address emerging technologies and application areas related to materials research, supporting the circular economy and Sustainable Development Goals
- Strengthen the European RTD community and economy in materials research and innovation, including future battery technologies
- Socio-ecological benefits in the context of Responsible Research and Innovation (RRI)
- Establish strategic programming of joint activities in close cooperation with the RTD community
- Implement annual joint calls for transnational RTD proposals
- Engage in international cooperation with partners outside Europe
- Facilitate a strong participation of regions, having a strong impact on R&I at regional level
- Foster the exploitation of created knowledge along the whole innovation chain
