

M-ERA.NET Call 2024

Guide for Proposers Annex A National / regional regulations

Version 2.0
14 March 2024

Austria: FFG - K LWPT

Name of Funding agency	FFG - Austrian Research Promotion Agency
Geographical coverage (national/regional)	National
Name of the programme/initiative	Kreislaufwirtschaft und Produktionstechnologien
Programme website	www.ffg.at/advanced-materials/meranet2024 (available 12 March 2024)
Programme owner	Bundesministerium für Klimaschutz, Umwelt, Energie, Mobilität, Innovation und Technologie (BMK)
Program manager (executing funding organisation)	FFG - Austrian Research Promotion Agency
Contact person(s) (e-mail, tel.)	Name: Fabienne Nikowitz Phone: +43 (0) 57755 5081 E-mail: fabienne.nikowitz@ffg.at
Funding Commitment	2.800.000,- EUR
Anticipated number of fundable research partners	At least 1 Austrian industry partner.
Maximum funding per grant awarded to a partner	500.000,- EUR
Type of research eligible for funding: eligible TRL range	Industrial Research: TRL 2-4 Experimental Development: TRL 5-7
Funding rates (approx.)	Research organisation: Industrial Research - 85%, Experimental Development - 60% Micro/small enterprise: Industrial Research - 80%, Experimental Development - 60% Medium enterprise: Industrial Research - 70%, Experimental Development - 50% Large enterprise: Industrial Research - 55%, Experimental Development - 35%
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	Consortium restriction: minimum 1 Austrian industry partner. Thematic restriction: K LWPT only supports M-ERA.NET topic 2,4, 5 and 6 Further restrictions: see under "Further guidance"
Submission of the proposal at national/regional level	Deadline for proposal submission via FFG eCall (https://ecall.ffg.at):

(schedule, cut-off dates, deadlines, etc.)	National pre-proposal ("Kurzantrag"): 16 May 2024, 12:00 C.E.T. National full-proposal ("Nationale Ergänzung"): 21 November 2024, 12:00 C.E.T.
Submission of financial and scientific reports at the national/regional level	Reports are submitted on an annual basis. Further information: see under "Further guidance"
Further guidance	Further information on conditions and restrictions are given in the national call: www.ffg.at/advanced-materials/meranet2024 (available 17 March 2024)

Austria: FFG-Mobility

Name of Funding agency	FFG-Mobility
Geographical coverage (national/regional)	National
Name of the programme/initiative	FFG-Mobility
Programme website	https://www.ffg.at/fti-mobilitaet
Programme owner	Federal ministry of climate action
Program manager (executing funding organisation)	FFG
Contact person(s) (e-mail, tel.)	johannes.fritzer@ffg.at
Funding Commitment	1.000.000 €
Anticipated number of fundable research partners	
Maximum funding per grant awarded to a partner	1.000.000 €
Type of research eligible for funding: eligible TRL range	Topic 1: Sustainable advanced materials for energy Topic 2: Innovative surfaces, coatings and interfaces Topic 3: High performance composites Topic 4: Functional materials TRL 2-8
Funding rates (approx.)	35% - 85%
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	Thematic restriction: mobility and lightweighting context
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Pre-Proposal: national 5.3. – 16.5. Full-Proposal -21.11.
Submission of financial and scientific reports at the national/regional level	
Further guidance	

Belgium: F.R.S.-FNRS

Name of Funding agency	Fund for Scientific Research – FNRS (F.R.S.-FNRS)
Geographical coverage (national/regional)	Wallonia Brussels federation – French speaking community of Belgium
Name of the programme/initiative	PINT-MULTI
Programme website	www.frs-fnrs.be
Programme owner	F.R.S.-FNRS
Program manager (executing funding organisation)	F.R.S.-FNRS
Contact person(s) (e-mail, tel.)	Florence Quist (+32 2 504 9351) or Joël Groeneveld (+32 2 504 9270) international@frs-fnrs.be
Funding Commitment	200.000 €
Anticipated number of fundable research partners	1
Maximum funding per grant awarded to a partner	200.000 € per project for 3 years
Type of research eligible for funding: eligible TRL range	1-3
Funding rates (approx.)	100%
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	The F.R.S.-FNRS only funds public research institutions of the French Speaking Community of Belgium. All eligibility rules and criteria can be found in the PINT-MULTI regulations
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Applicants to F.R.S.-FNRS funding must provide basic administrative data by submitting an administrative application on e-space within 5 working days after the general deadline of M-ERA.NET to be eligible. Please select the “PINT-MULTI” funding instrument when creating the administrative application. Proposals invited to the second stage will be able to complete the pre-proposal form and provide information for the full proposal upon validation by the F.R.S.-FNRS.
Submission of financial and scientific reports at the national/regional level	Financial reporting to the F.R.S.-FNRS: yearly by the finance department of the institution Scientific reporting: the joint M-ERA.NET reports replace the reporting for F.R.S.-FNRS.
Further guidance	https://www.frs-fnrs.be/fr/calendrier-des-appels

BELGIUM: SPW recherche

Name of Funding agency	Service public de Wallonie
Geographical coverage (national/regional)	Regional (Wallonia)
Name of the programme/initiative	-
Programme website	https://recherche.wallonie.be/meranet
Programme owner	-
Program manager (executing funding organisation)	Jean-François HEUSE, inspecteur général
Contact person(s) (e-mail, tel.)	Pierre DEMOITIÉ pierre.demoitie@spw.wallonie.be 32 81 33 45 40
Funding Commitment	1,000,000 €
Anticipated number of fundable research partners	-
Maximum funding per grant awarded to a partner	-
Type of research eligible for funding: eligible TRL range	3 - 6
Funding rates (approx.)	Between 60 and 100% depending from the beneficiaries
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	There is no restriction but at least one Walloon SME must be in the consortium.
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Same as the ERAnet calls
Submission of financial and scientific reports at the national/regional level	Yes (every 6 months); submitted online (Walloon ONTIME tool)
Further guidance	https://recherche.wallonie.be/meranet

Belgium (Flanders): VLAIO

Name of Funding agency	Flanders Innovation & Entrepreneurship (VLAIO)
Geographical coverage (national/regional)	Flanders region of Belgium
Name of the programme/initiative	Industrial research project Industrial development project
Programme website	https://www.vlaio.be/nl/subsidies-financiering/onderzoeksproject https://www.vlaio.be/nl/subsidies-financiering/ontwikkelingsproject
Programme owner	Fund for Innovation and Entrepreneurship (formerly Hermesfund)
Program manager (executing funding organisation)	Flanders Innovation & Entrepreneurship (VLAIO)
Contact person(s) (e-mail, tel.)	Name: Maarten ROCKELE / Elsie DE CLERCQ Tel: +32 (0)2 432 43 27 / +32 (0)2 432 42 78 E-mail: maarten.rockele@vlaio.be ; elsie.declercq@vlaio.be
Funding Commitment	1.000.000 EUR
Anticipated number of fundable research partners	No hard limit on the number of Flanders research partners participating in an M-ERA.NET project. A typical M-ERA.NET project has 3 to 4 partners on average. Please observe eligibility requirements at the level of M-ERA.NET.
Maximum funding per grant awarded to a partner	The total funding given to all participating partners from Flanders together in a project should not exceed 500.000 euro.
Type of research eligible for funding: eligible TRL range	Industrial research project (TRL 1-3) Industrial development project (TRL 4-7)
Funding rates (approx.)	Maximum 60%-50%, depending on the type of R&D (resp. research and development) including extra's for small and medium sized companies (SME). An extra incentive is provided for projects with a Flemish company and a Flemish university or research partner (none of which exceed 70% of the Flemish budget) leading to max. 70% for research and 60% for development.
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	Only companies with (future) economical added value in Flanders can submit proposals (large companies and SME's). Universities or research institutes can only participate as subcontractor (or research partner) to a Flanders based company. Foreign companies only as subcontractor without own exploitation. A stand alone participation of only a research group from a university or research institute without a (co-financing) Flemish company is not eligible.

<p>Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)</p>	<p>M-ERA.NET 3 call deadlines apply for M-ERA.NET proposals. In addition to the M-ERA.NET 3 pre-proposal also a “VLAIO Annex” has to be submitted to VLAIO with focus on the innovation goal and the valorisation potential of the Flemish participants. This needs to be done by the same deadline as for the M-ERA.NET 3 pre-proposal.</p> <p>The regular programme is open to all topics with continuous submission possible.</p>
<p>Submission of financial and scientific reports at the national/regional level</p>	<p>The reporting requirements of funded projects are described on the programme websites indicated above.</p>
<p>Further guidance</p>	<p>https://www.vlaio.be/nl/subsidies-financiering/subsidies-voor-ooi-een-internationaal-consortium/netwerken/m-eranet</p>

Brazil: FAPESP

Name of Funding agency	FAPESP – São Paulo Research Foundation
Geographical coverage (national/regional)	Regional (State of São Paulo, Brazil)
Name of the programme/initiative	M.ERA-NET partnership
Programme website	www.fapesp.br/9321/m-eranut
Programme owner	FAPESP – São Paulo Research Foundation
Program manager (executing funding organisation)	FAPESP – São Paulo Research Foundation
Contact person(s) (e-mail, tel.)	Virginia Sanches Subiñas E-mail: chamada_meranut@fapesp.br Phone: +55(11)3838-4000
Funding Commitment	€ 400.000,00
Anticipated number of fundable research partners	Not specified
Maximum funding per grant awarded to a partner	€ 75.000,00
Type of research eligible for funding: eligible TRL range	1 to 4
Funding rates (approx.)	100%
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	According to the funding modality: APR (Regular Research Grant) with exceptionalities informed in the guideline of the call 2024
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Follows the M-ERA.NET deadlines
Submission of financial and scientific reports at the national/regional level	Yearly, according to the funding modality
Further guidance	 Adobe Acrobat PDFXML Document

Bulgaria: BNSF

Name of Funding agency	Bulgarian National Science Fund
Geographical coverage (national/regional)	National
Name of the programme/initiative	M-ERA.NET
Programme website	https://bnsf.bg
Programme owner	Bulgarian National Science Fund
Program manager (executing funding organisation)	Bulgarian National Science Fund
Contact person(s) (e-mail, tel.)	Milena Aleksandrova, aleksandrova@mon.bg , +359 884 171 363
Funding Commitment	€ 460 160
Anticipated number of fundable research partners	Up to 3 projects
Maximum funding per grant awarded to a partner	Up to € 153 387
Type of research eligible for funding: eligible TRL range	1-4
Funding rates (approx.)	N/A
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<p>Eligible institutions:</p> <ol style="list-style-type: none"> 1) Accredited universities as defined in Art.85 para.1, p. 7 of the Higher Education Act; 2) Research organizations as defined in Art. 47, para 1 of the Higher Education Act. <p>http://lll.mon.bg/uploaded_files/zkn_visseto_obr_01.03.2016_EN.pdf</p> <p>Eligible costs are specified in "National requirements and eligibility conditions" of Bulgarian National Science Fund available at: Link (in Bulgarian)</p>

	Link (in English)
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Applicants have to submit an application form for national eligibility when submitting the proposals. The form should be filled and electronically submitted in both Bulgarian and in English at: https://nims.egov.bg/login/
Submission of financial and scientific reports at the national/regional level	Specified in "National requirements and eligibility conditions" of Bulgarian National Science Fund available at: https://www.fni.bg/sites/default/files/competition/12_2016/ERA/FNI_International_Programs_2017_BG.pdf
Further guidance	N/A

Canada/Québec : PRIMA Québec

Name of Funding agency	PRIMA Québec
Geographical coverage (national/regional)	Québec (Canada)
Name of the programme/initiative	Programme de soutien aux organismes de recherche et d'innovation (PSO - International)
Programme website	https://www.prima.ca/en/funding-programs/international-call-for-projects/
Programme owner	Ministère de l'Économie, de l'Innovation et de l'Énergie (MEIE)
Program manager (executing funding organisation)	PRIMA Québec
Contact person(s) (e-mail, tel.)	Michel Lefèvre, DIRECTOR – PROGRAMS & INTERNATIONAL COLLABORATIONS Michel.lefevre@prima.ca +1-514-284-0211 #227
Funding Commitment	0.7 M€ (1M\$ CAD)
Anticipated number of fundable research partners	Min 1 applicant with min 1 industrial partner per project
Maximum funding per grant awarded to a partner	500 000 \$CAD The CAD\$500,000 amount will include direct research costs, MEIE management fees (2%), as well as indirect research costs, where applicable.
Type of research eligible for funding: eligible TRL range	Collaborative research between industries and academics on advanced material In accordance with its strategic plan, PRIMA Québec encourages the submission of projects concerning the development of advanced materials applied to Quebec's key sectors, such as transportation and infrastructure, energy, environment, textiles, electronics and health. The technologies targeted by this call for projects concern all types of application sectors: The formulation and development of advanced materials such as: micro / nanoparticles, fibers, engineered wood, biomaterials, concrete, polymer, composite, multifunctional materials, glass, ceramics, metals and alloys, semiconductors; The integration of these materials into finished or semi-finished products;

	<p>Advanced processes such as additive manufacturing, surface treatments, multiphysics simulation, modeling, composites and / or polymer shaping;</p> <p>Characterization instruments for advanced materials</p> <p>TRL 1-9</p>
Funding rates (approx.)	<p>Funding contribution to the direct cost of the research budget.</p> <ul style="list-style-type: none"> • PRIMA max. 50% • Industries min.20% • Complementary Funding 30% <p>Maximum contribution from PRIMA : \$ 500 k/ for 3 years maximum</p>
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<p>Applicants are university, CCTT or public research center</p> <p>It is necessary to have at least one company (primarily an SME) with a presence in Quebec (production or R&D). Businesses outside Quebec are not eligible in the Quebec application if they do not have a presence in Quebec (production or R&D)</p>
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	<p>A funding request must be submitted to PRIMA at the same time as the M-Era.net pre-proposal deadline and full proposal deadline.</p>
Submission of financial and scientific reports at the national/regional level	<p>Every year</p>
Further guidance	<p>The applicant can go to the PRIMA website (https://www.prima.ca/) to download the guideline of the program for more information.</p>

Croatia: MSE

Name of Funding agency	Ministry of Science and Education (MSE)
Geographical coverage (national/regional)	National
Name of the programme/initiative	-
Programme website	-
Programme owner	Ministry of Science and Education
Program manager (executing funding organisation)	Ministry of Science and Education
Contact person(s) (e-mail, tel.)	Mateo Ante Bosnić, mateoante.bosnic@mzo.hr , +385 01 4594 166
Funding Commitment	150.000,00 EUR
Anticipated number of fundable research partners	1
Maximum funding per grant awarded to a partner	150.000,00 EUR
Type of research eligible for funding: eligible TRL range	1-4
Funding rates (approx.)	For Applicants from the Private Sector: The maximum funding rate of eligible costs is 70%. For Applicants from the Public Sector: The maximum funding rate of eligible costs is 100%.
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<p>MSE funding is limited to Croatian project partners only. Croatian project partner can be a consortium (consisting of at least two national legal entities) or a single legal entity. Eligibility criteria for Croatian project partners are as follows:</p> <ul style="list-style-type: none"> • research organizations: <ul style="list-style-type: none"> ○ public research institutes ○ public higher education institutions ○ other legal entities performing research activity • other legal entities performing research activities: <ul style="list-style-type: none"> ○ non-governmental and non-profit organizations (NGO's) or institutions whose main object is research activity or research and development activity registered by the Ministry of Justice and Public Administration or other relevant national body ○ micro, small and medium enterprises (SME's) entered in the relevant National Register (<u>Court or Craftsmen</u>) and registered to perform research and development activities.

	<p>Project proposals already funded under separate financial instruments / call will not be reviewed and will not be eligible under this call.</p> <p>For Croatian applicants, general H2020 Programme rules on eligible and ineligible costs apply (that can be found in the Annotated Model Grant Agreement (AGA) for H2020 Programme at the following link).</p> <p>Applicants from Private Sector receiving basic funding from the MSE can only be granted funds for covering extra expenditure, i.e. as an addition to their basic financing. Project consortia with SME applicants is encouraged but not mandatory. Additionally, other legal entities from business sector, which are not SME's can apply as project partners, but they must ensure their own funding for their participation in the project activities since they are not eligible for MSE funds.</p>
<p>Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)</p>	<p>Croatian applicants are required to inform the national contact point about the project application. Applicants are advised to consult the national contact point for the pre-eligibility check.</p>
<p>Submission of financial and scientific reports at the national/regional level</p>	<p>Submission of the financial and scientific reports in accordance with the national GA.</p>
<p>Further guidance</p>	<p>-</p>

Czech Republic: TA CR

Name of Funding agency	Technology Agency of the Czech Republic (TA CR)				
Geographical coverage (national/regional)	National - Czech Republic				
Name of the programme/initiative	Programme SIGMA				
Programme website	https://www.tacr.cz/program/program-sigma/				
Programme owner	Technology Agency of the Czech Republic (TA CR)				
Program manager (executing funding organisation)	Technology Agency of the Czech Republic (TA CR)				
Contact person(s) (e-mail, tel.)	Kateřina Volfová katerina.volfova@tacr.cz Phone: +420 778 463 138				
Funding Commitment	€ 1 450 000				
Anticipated number of fundable research partners	5-8				
Maximum funding per grant awarded to a partner	€ 350 000 (to all Czech partners in one proposal)				
Type of research eligible for funding: eligible TRL range	3-9				
Funding rates (approx.)	The aid intensity for each Czech applicant in the project is determined based on the type of entity according to the Regulation (see table below) and at the same time must not exceed the maximum permissible aid intensity for the Czech part of the project, which is 80 % of the total eligible costs.				
	Applicant	Industrial research	Industrial research with a bonus for effective collaboration	Experimental development	Experimental development with a bonus for effective collaboration
	Small enterprise*	70 %	80 %	45 %	60 %

	Medium-sized enterprise*	60 %	75 %***	35 %	50 %
	Large enterprise	50 %	65 %	25 %	40 %
	Research Organisations**	100 %***	100 %***	100 %***	100 %***
	<p>*A SME is defined in Annex 1 of the Regulation **Research organisations must satisfy the definition in the Act and the Framework ***While respecting the maximum permissible aid intensity of 85 % per project</p>				
<p>Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)</p>	<p><u>Eligible projects for TA CR</u></p> <ul style="list-style-type: none"> the project meets the definition of applied research the research results correspond to the national rules and are applicable / exploitable. (The project proposal has to include a clear description of the exploitation plan and results.) the aim of the project has to be relevant to the overall aim of the funding programme SIGMA the declared share of industrial research and experimental development corresponds to the activities of the Czech partner described in the project proposal the requested funding meets the national regulations for aid intensity <p><u>Eligible applicants for TA CR</u></p> <ul style="list-style-type: none"> Enterprises (according to Annex 1 of the <u>Regulation</u>) Enterprises who act as natural persons according to Annex 1 of the <u>Regulation</u> engaged in an economic activity pursuant to Act no. 455/1991 coll. on Trades (Trade Act). Research organizations (according to Article 2 paragraph 83 of the <u>Regulation</u>) <p>TA CR excludes the disbursement of individual aid to an enterprise:</p> <ul style="list-style-type: none"> against which a recovery order has been issued which is unpaid meeting the definition of an "<u>undertaking in difficulty</u>" which has not met the obligation to publish the financial statements for the years 2020, 2021, 2022 in the respective register - the so-called "Veřejný rejstřík" which has not disclose its ownership structure in the so-called "<u>Evidence skutečných majitelů</u>" <p><u>Supported results</u></p> <p>Projects that achieve at least one of the following types of results can be supported in this Call. The type of the result has to be clearly described in the project proposal:</p> <ul style="list-style-type: none"> P - patent G - technically realized results - prototype, functional sample Z - pilot plant, proven technology R - software 				

	<ul style="list-style-type: none"> • F - results with legal protection - utility model, industrial design • N - Certified methodologies and practices, treatment, conservation methods, procedures and specialized maps with professional expert content • O - Miscellaneous <p>Results supported only in combination with at least one other result listed above:</p> <ul style="list-style-type: none"> • H - results reflected in non-legislative directives and regulations binding within the competence of the respective provider and results reflected in the approved strategic and conceptual documents of the state or public administration <p><u>Budget & eligible costs</u> Eligible costs are:</p> <ul style="list-style-type: none"> • personnel costs (including scholarships) • subcontracting costs (max. 20% of total eligible costs throughout the whole project period) • other direct costs (write-offs, protection of intellectual property, operating expenses, travel costs, consumables) • indirect costs (overheads) - full cost/flat rate 25% (indirect costs in the respective year are calculated as 25% of the sum of the personnel costs and other direct costs in the same year) <p>Specific categories of eligible costs are defined under Article 18 of the General Terms & Conditions.</p> <p><u>Intellectual Property Rights</u> The applicants are required to enter into a contract with their foreign partners (sign the so-called Consortium Agreement) which will define the conditions of cooperation on the project where, among other things, they specify the method of allocating rights to the research results, as well as adjustment and management of the rights imported or created during the project's implementation, which are necessary to address the project.</p> <p><u>Publicity obligations</u> While promoting the project and its results Czech beneficiaries must follow the publicity rules of TA CR.</p>
<p>Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)</p>	<p><u>Mandatory forms to be submitted</u> The Czech applicants are requested to submit:</p> <ul style="list-style-type: none"> • A Sworn statement of the applicant • Completed "TACR Application Form" Excel file (submitted by the main Czech applicant only)* • if the applicant plans to achieve "Nmet" type of result, the mandatory form for Nmet result needs to be attached* • if the applicant plans to achieve the "Patent" type of result, patent search must be substantiated* • Sworn statement of the composition of the consortium (only if Czech enterprise is part of the project consortium; submitted by the main Czech applicant only) <p>All mandatory documents to be found on TA CR website. Deadline for submitting all documents is the same as the deadline for submitting pre-proposals. All documents proving the eligibility of the Czech partner</p>

	<p>stated above shall be submitted via the TACR data box (TACR data box ID: afth9xp) with subject: „Horizon2020 - M-ERA.NET Call 2024 - prokázání způsobilosti - <i>project acronym</i>“</p> <p><i>*Applicants who will not submit this mandatory form (if relevant) via databox <u>before the deadline</u> will be considered not eligible for TA CR funding.</i></p> <p><u>Project start</u> Please note that following national legislation, Czech applicants shall start within 120 days from the funding decision being communicated by the Call Management (60-day period to enter into a contract + 60-day period to start the project).</p>
<p>Submission of financial and scientific reports at the national/regional level</p>	<p>Czech beneficiaries must follow the rules of TA CR for reporting on the project (i.e. submission of interim and final reports and reports on the implementation of the results).</p>
<p>Further guidance</p>	<p>“Guide for Czech applicants” and all mandatory forms will be available on TA CR website (in Czech).</p>

Denmark: IFD

Name of Funding agency	Innovation Fund Denmark (IFD)
Geographical coverage (national/regional)	Denmark
Name of the programme/initiative	M-ERA.Net 3
Programme website	https://innovationsfonden.dk/da
Programme owner	Innovation Fund Denmark (IFD)
Program manager (executing funding organisation)	Innovation Fund Denmark (IFD)
Contact person(s) (e-mail, tel.)	Daniel G. Marques, daniel.g.marques@innofond.dk , +45 6190 5006 General mailbox: internationale@innofond.dk
Funding Commitment	1.0 MEUR
Anticipated number of fundable research partners	5-6 partners in 3-4 projects
Maximum funding per grant awarded to a partner	The maximum amount per Danish partner in international projects is 300,000 €. The maximum amount for all Danish partners, if the project has two or more Danish partners, is 500,000 €.
Type of research eligible for funding: eligible TRL range	All TRL levels are eligible
Funding rates (approx.)	The maximum investment rate varies between 25-90% for each individual participant. Please see tables 1-4 in our Guidelines.
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	All Danish organizations directly involved in activities in the projects are eligible as applicants to Innovation Fund Denmark.
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	After the central application deadline Innovation Fund Denmark will, via our national e-grant platform, invite applicants to upload a pdf of the application with annexes. The invitation is normally sent approximately 2-4 weeks after the application deadline. Non-public organisations will be requested to upload a 'No undertaking in difficulty' declaration. In addition, SME's will be required to upload an 'SME declaration' and an 'Ability to co-finance' declaration. If requesting <i>de minimis</i> funding, then a 'de minimis aid compliance form' is required.
Submission of financial and scientific reports at the national/regional level	Regular technical and financial reports are a requirement. National monitoring conditions apply according to the Guidelines and the individual Grant letters.

Further guidance

Guidelines: <https://innovationsfonden.dk/en/p/international-collaborations#accordion7920>

Estonia: ETAG

Name of Funding agency	Estonian Research Council
Geographical coverage (national/regional)	national
Name of the programme/initiative	
Programme website	
Programme owner	
Program manager (executing funding organisation)	
Contact person(s) (e-mail, tel.)	Margit Suuroja, tel.: +372 731 7360, e-mail: margit.suuroja@etag.ee
Funding Commitment	300 000 EUR
Anticipated number of fundable research partners	1
Maximum funding per grant awarded to a partner	300 000 EUR if the Estonian participant is coordinating a consortium submitting a proposal. 150 000 EUR if the Estonian participant is a partner in a consortium submitting a proposal. In case that more than one Estonian team participates in the same consortium the budget must be shared.
Type of research eligible for funding: eligible TRL range	1-6
Funding rates (approx.)	
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<p>1. Project Participants</p> <p>1.1. The Host Institution may be any legal entity that is registered and located in Estonia and has an Estonian bank account.</p> <p>The Host Institution (the final recipient) is the institution to which the grant will be allocated.</p> <p>After the submission deadline (in case of two-stage application, after the preproposal deadline) and upon the notice from the Funding Organisation, the Host Institution must confirm to the Funding Organisation in the written form that the project can be carried out on their premises in Estonia and that they will employ the Principal Investigator during the proposed project, should the project receive funding.</p> <p>If the Host Institution is a for-profit institution, the State aid and de minimis aid regulations must be taken into account.</p> <p>If the State aid or de minimis aid regulations apply, the funding will not be granted to a Host Institution who has been subject to a funding withdrawal decision pursuant to a previous European Commission decision that deemed the aid illegal and incompatible with the common market, if that decision has not been complied with.</p>

1.2 The Principal Investigator is a researcher who acts as the Estonian team leader in the project proposal. He/she will be responsible for how the grant is used and how the Estonian part in the project is executed.

The Principal Investigator:

1.2.1 must have an updated public profile in the Estonian Research Information System (ETIS) by the submission deadline;

1.2.2 must hold a doctoral degree or an equivalent qualification. The degree must be awarded by the submission deadline of the grant application at the latest;

1.2.3 must have published at least three articles that comply with the requirements of Clause 1.1 of the ETIS classification of publications, or at least five articles that comply with the requirements of Clauses 1.1, 1.2, 2.1 or 3.1, within the last five calendar years prior to the proposal submission deadline. International patents are equalled with publications specified under Clause 1.1. A monograph (ETIS Clause 2.1) is equalled with three publications specified in Clause 1.1 if the number of authors is three or fewer. If the applicant has been on pregnancy and maternity or parental leave or performed compulsory service in the Defence Forces, or has another good reason, they can request the publication period requirement to be extended by the relevant period of time.

If the Principal Investigator has received the PhD degree outside Estonia, its correspondence to an Estonian doctoral degree must be recognised by either the Estonian ENIC-NARIC Center or the Host Institution in accordance with the Regulation of the Government of the Republic of April 6, 2006, No. 89 "Evaluation and academic recognition of documents proving foreign education and the name of the qualification awarded in the foreign education system terms and conditions of use". The Funding Organisation may ask for a relevant Evaluation Report.

If several Estonian institutions participate in a proposal, all institutions must have a Principal Investigator who meets the national eligibility requirements.

2. Budget

2.1 Research expenses consist of direct costs (personnel costs, travel costs and other direct costs) and subcontracting costs.

The research expenses must be used to carry out the project and be separately identifiable.

2.2 Direct costs

2.2.1 Personnel costs are monthly salaries with social security charges and all other statutory costs of the project participants, calculated according to their commitment and in proportion to their total workload at their Host Institution.

2.2.2 Other direct costs are:

- travel costs that may cover expenses for transport, accommodation, daily allowances and travel Insurance only for travels abroad;
- consumables and minor equipment related to the project;
- publication and dissemination of project results;

	<ul style="list-style-type: none"> - organising meetings, seminars or conferences (room rent, catering); - fees for participating in scientific forums, conferences and other events related to the project; - patent costs; - all other costs that are identifiable as clearly required for carrying out the project (e.g. translation, copy editing, webpage hosting, etc.) and comply with the eligible costs. <p>2.3 Subcontracting costs should cover only additional or complementary research related tasks (e.g. analyses, conducting surveys, building a prototype, etc.) performed by third parties. Subcontracting costs should not be included in the overhead calculation. The activities and budget should be described in the proposal. Core project tasks should not be subcontracted. Subcontracting costs may not exceed 15% of the total costs.</p> <p>2.4 Indirect costs (overhead) may not exceed 15% of the personnel costs and should cover the general expenses of the Host Institution. Costs for equipment and services intended for public use (e.g. a copy machine or a printer that is publicly used, phone bills, copy service, etc.) should be covered from the overhead.</p> <p>2.5 Double funding of activities is not acceptable.</p> <p>2.6 If several Estonian institutions participate in one proposal, the sum of their requested budgets may not exceed the maximum contribution of the respective national Funding Organisation indicated in the call documents.</p> <p>3. State Aid EU Regulations on State aid and de minimis aid must be taken into account when requesting funding.</p> <p>4. Grant Agreement If a positive funding decision is made, the Funding Organisation enters into a grant agreement with the Host Institution. Information on the transnational project must be entered into ETIS once the agreement has been signed.</p> <p>The Consortium Agreement should be signed six months after the grant agreement has been signed at the latest. If one year has elapsed and the CA has not been signed, the next instalment of funding will not be paid out.</p>
<p>Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)</p>	<p>No</p>
<p>Submission of financial and scientific reports at the national/regional level</p>	<p>Yes</p>

Finland: AKA

Name of Funding agency	Research council of Finland
Geographical coverage (national/regional)	National/basic research, science
Name of the programme/initiative	Critical materials in cities
Programme website	
Programme owner	Research Council of Finland
Program manager (executing funding organisation)	Saila Seppo
Contact person(s) (e-mail, tel.)	Saila Seppo, saila.seppo@aka.fi , +358 295 33 5109
Funding Commitment	1,25 M€
Anticipated number of fundable research partners	about 4
Maximum funding per grant awarded to a partner	300 000 M€
Type of research eligible for funding: eligible TRL range	TRL 1-4
Funding rates (approx.)	
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<p>Applicants must have qualifications at the professor or docent level.</p> <p>The funding is granted to a Finnish research organisation</p> <p>We will not process a funding application if you have been found guilty of research misconduct in the three years preceding the year of the call</p>
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	
Submission of financial and scientific reports at the national/regional level	Final report after the project has ended
Further guidance	

Finland: Business Finland

Name of Funding agency	Business Finland
Geographical coverage (national/regional)	Finland
Name of the programme/initiative	Decarbonized Cities, Hydrogen and Batteries
Programme website	https://www.businessfinland.fi/en/for-finnish-customers/services/programs/decarbonized-cities
Programme owner	Business Finland
Program manager (executing funding organisation)	Business Finland
Contact person(s) (e-mail, tel.)	Satu Penttinen +358505983319 satu.penttinen@businessfinland.fi Matti Säynätjoki +358505577899 matti.saynatjoki@businessfinland.fi
Funding Commitment	1.000.000 € (more Business Finland funding can be considered in case of highly ranked projects)
Anticipated number of fundable research partners	n/a
Maximum funding per grant awarded to a partner	n/a
Type of research eligible for funding: eligible TRL range	2-7
Funding rates (approx.)	SMEs max. 65%, large companies max. 50%, universities and research organizations 60-80%
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<p>Applicant organisations must be legal entities registered in Finland. Business Finland's normal funding terms and conditions apply.</p> <p>SMEs and large companies can participate in consortia either independently or together with other Finnish partners. Finnish companies can either apply for Business Finland funding or act as an in-kind partner in the consortium.</p> <p>Research organisations must work in parallel with companies. Consortia must include at least three companies of which at least two are Finnish companies (SMEs or large companies) to be eligible for funding.</p> <p>All applicants are required to contact Business Finland in advance before submitting of applications.</p>
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	End of February 2025

Submission of financial and scientific reports at the national/regional level	Reporting according to Business Finland standard reporting practices.
Further guidance	https://www.businessfinland.fi/en/for-finnish-customers/services/funding

France: ANR

Name of Funding agency	Agence Nationale de la Recherche
Geographical coverage (national/regional)	National
Name of the programme/initiative	
Programme website	Au service de la science ANR
Programme owner	ANR
Program manager (executing funding organisation)	ANR
Contact person(s) (e-mail, tel.)	Dr. Larissa Chaperman (larissa.chaperman@agencerecherche.fr) Dr. Aymen Ben Amor (aymen.benamor@agencerecherche.fr)
Funding Commitment	1.000.000 €
Anticipated number of fundable research partners	
Maximum funding per grant awarded to a partner	No predefined maximum. Requested funding should be justified with respect to the project work plan.
Type of research eligible for funding: eligible TRL range	TRL start-end range from 1 to 5: the activities of Partners requesting funding from ANR must be positioned at "basic research" segment or at the first segment of "applied research". TRL 6 and above are not eligible for ANR funding.
Funding rates (approx.)	Funding rates vary based on the type of research and the type of partners requesting support, please consult for more details https://anr.fr/fr/rf/
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	The standard funding rules of ANR apply (please consult https://anr.fr/fr/rf/ for more details). Within this framework, personnel costs, consumables, subcontracting (within 50% of the eligible costs for the partner), equipment and travel costs may be eligible. Eligible costs depend on the type of partners requesting support. Eligible Topics for ANR: Topic 1 – Sustainable advanced materials for energy Topic 4 – Functional materials Topic 6 – Next generation materials for advanced electronics
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Submissions at stage 1 are done at the centralized M-ERANET level. It is not necessary to request ANR's formal approval before submitting a pre-proposal. Projects invited to stage 2 will be contacted via email (deadlines and precise address will be specified) to submit their full proposal to the ANR platform, in addition to the centralized submission.

Submission of financial and scientific reports at the national/regional level	Financial reporting at the national level is needed, following specific requirements regarding the final financial reporting. Please consult the appendix for partners requesting funding from ANR to this call on the ANR website. The M-ERA.NET level scientific reports must also be submitted in the ANR platform.
Further guidance	Applicants requesting support from ANR must read the specific appendix available on ANR's webpage (" Au service de la science ANR ").

Germany/Freestate of Saxony: SMWK

Name of Funding agency	Saxon State Ministry for Science, Culture and Tourism (SMWK)
Geographical coverage (national/regional)	regional - Saxony
Name of the programme/initiative	Richtlinie des SMWK zur Gewährung von Zuwendungen für Maßnahmen im Rahmen der wettbewerblichen EU-Förderprogramme für Forschung und Innovation (RL EuProNet)
Programme website	https://revosax.sachsen.de/vorschrift/17180-RL-EuProNet
Programme owner	SMWK

Israel: MOST-IL

Name of Funding agency	Israel's Ministry of Innovation, Science, and Technology (MOST)
Geographical coverage (national/regional)	National - Israel
Name of the programme/initiative	Ministry of Innovation, Science, and Technology (MOST)
Programme website	https://www.gov.il/he/departments/ministry_of_science_and_technology/govil-landing-page
Programme owner	Ministry of Innovation, Science, and Technology (MOST)
Program manager (executing funding organisation)	Ministry of Innovation, Science, and Technology (MOST)
Contact person(s) (e-mail, tel.)	Avi Raveh, Ph.D. AviR@most.gov.il Office: +972 (2) 5411136 Cell: +972 (55) 8864207
Funding Commitment	300,000 Euro (1,200,000 ILS)
Anticipated number of fundable research partners	3
Maximum funding per grant awarded to a partner	Max 100,000 Euro (400,000 ILS) per project for 3 years
Type of research eligible for funding: eligible TRL range	As appears in call work program and in guide for proposer's documents 2-5
Funding rates (approx.)	
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<p>Eligibility is restricted to MOST regulations which can be found on the MOST website: https://www.gov.il/he/departments/policies/most_researchprocedures2016</p> <p>Proposals must meet the following preconditions. Proposals that do not meet the preconditions will be automatically rejected and will not be passed on to the scientific committee for review and evaluation.</p> <ol style="list-style-type: none"> 1. Projects must be conducted by Israeli scientific research teams. 2. Each joint research team must be led by a Principal Investigator (PI) from each country. 3. The Principal Investigator (PI) from Israel must be affiliated with an academic institution, meaning:

	<p>i. An accredited institution of higher education in Israel, according to the Council for Higher Education Act, 1958.</p> <p>ii. A research institute, which is a non-profit organization, a government company or a governmental unit.</p> <p>For the purposes of this Call a "research institute" means an institute whose main activity is the advancement of cutting-edge scientific knowledge, which possesses appropriate infrastructure and equipment, and which employs researchers who, inter alia, publish articles related to their research in leading scientific journals and who present their research at international symposia.</p> <p>4. An Israeli PI that has or will have an active grant from any international cooperation program of the Ministry of Innovation, Science and Technology whose funding will be concurrent to the funding of this program, is not eligible to apply. A researcher may submit one additional proposal in the international cooperation program as co-PI, if he does not have an active grant in the international program in which he acts as co-PI.</p> <p>A PI or co-PI who has submitted a proposal to a different Call in the international program that has an expected start date in 2025, is not eligible to apply as a researcher in the this Call as a researcher in the same position.</p> <p>No parallel funding is allowed in the international program. In this regard, please note the expected starting date of approved projects as detailed in the terms of the Call. Additionally, please be advised that for the purposes of adherence with eligibility requirements, the status of a researcher cannot be changed from PI to co-PI, or vice versa, after the proposal has been submitted. It will be clarified that, the aforementioned limitations regarding changing the status of the members of the research team include the addition of a PI and/ or Associated-PI who, at the time of submission, was defined as an external consultant or were not listed in the proposal and/or research group.</p>
<p>Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)</p>	<p>Directly to M-era.Net website</p>
<p>Submission of financial and scientific reports at the national/regional level</p>	<p>In accordance with the terms of the "standard MOST Procedures Regarding Scientific Projects Funded by MOST" and to "MOST Standard Contract for Scientific Projects". Within three months of the conclusion of the project, Israeli PIs must submit a final report in English to MOST at Reports@most.gov.il or through the Science Forefront system. It should include a final scientific and financial report covering the work and cooperation carried out during the entire 3-year project period, in accordance with the contract's requirements.</p>
<p>Further guidance</p>	<p>Israeli researchers should consult administrative matters directly with the Research Authority at their Affiliated Institution. The Institution will contact the Ministry in case of necessity.</p>

Italy: CAR IT

Name of Funding agency	Regione Calabria
Geographical coverage (national/regional)	Calabria
Name of the programme/initiative	PR Calabria FESR-FSE+ 2021/2027 – Azione 1.1.1 – Sostegno a progetti di ricerca, sviluppo e innovazione, anche in collaborazione con organismi di ricerca, nelle Aree e nelle traiettorie prioritarie della S3

Name of Funding agency	Luxembourg National Research Fund / Fonds National de la Recherche
Geographical coverage (national/regional)	National
Name of the programme/initiative	INTER (Promoting International collaboration)
Programme website	https://www.fnr.lu/funding-instruments/inter/
Programme owner	Luxembourg National Research Fund (FNR)
Program manager (executing funding organisation)	Luxembourg National Research Fund (FNR)
Contact person(s) (e-mail, tel.)	Christiane Kaell christiane.kaell@fnr.lu +352 691 362 817
Funding Commitment	500.000 €
Anticipated number of fundable research partners	N/A
Maximum funding per grant awarded to a partner	N/A
Type of research eligible for funding: eligible TRL range	Basic research, applied research, innovation
Funding rates (approx.)	Up to 100%
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	FNR funding limited to eligible Luxembourg public research institutions. A principal investigator may act in one proposal only.
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Proposals must be submitted to the FNR at latest 7 working days after the Meranet submission deadline
Submission of financial and scientific reports at the national/regional level	Annually
Further guidance	

Poland: NCBR

Name of Funding agency	National Centre for Research and Development		
Geographical coverage (national/regional)	National – Poland		
Name of the programme/initiative	International Programmes		
Programme website	https://www.gov.pl/web/ncbr/platforma-konkursowa		
Programme owner	National Centre for Research and Development		
Program manager (executing funding organisation)	National Centre for Research and Development		
Contact person(s) (e-mail, tel.)	Name: Krzysztof Jabłoński e-mail: krzysztof.jablonski@ncbr.gov.pl Phone: +48 22 25 66 702		
Funding Commitment	2,0 mln €		
Anticipated number of fundable research partners	~ 6 projects		
Maximum funding per grant awarded to a partner			
Type of research eligible for funding: eligible TRL range	Industrial research and experimental development. Other types of activities (e.g. coordination, dissemination, management) are not eligible for funding as separate tasks. They can be included in an appropriate cost category within research tasks. Projects should start from 3-6 TRL range and finish 5-8.		
Funding rates (approx.)		Industrial research	Experimental development
	Research and knowledge-dissemination organisation	100%	100%

	Micro/small enterprise	50+20+5/15/25 (max 80%)	25+20+5/15/25 (max 70%)
	Medium enterprise	50+10+5/15/25 (max 80%)	25+10+5/15/25 (max 60%)
	Large Enterprise	50+5/15/25 (max 75%)	25+5/15/25 (max 50%)
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	Qualified applicants: enterprises; research and knowledge-dissemination organisations only in cooperation with Polish enterprises. The project consortium with Polish participation must contain at least one Polish enterprise to be eligible for Funding.		
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	The same as in M-ERA.NET 3 Call 2024		
Submission of financial and scientific reports at the national/regional level	Scientific reports submitted annually. Final report including the scientific and financial part.		
Further guidance	Applicant whose proposal will be included in the international list of projects recommended for funding will be asked to prepare a national proposal for funding, within the time limit and in the form available on the NCBR's website. The proposal will be assessed in terms of the legitimacy of the requested grant amount (the proposal will not be assessed in terms of content). Based on the assessment, the Director of the NCBR will decide on the amount of funding for Polish units.

Contact person(s) (e-mail, tel.)	Anna Kotarba, e-mail: anna.kotarba@ncn.gov.pl Information for applicants, budget consultations: Magdalena Nowak, e-mail: magdalena.nowak@ncn.gov.pl , tel. +48 538 185 453
Funding Commitment	€ 1 500 000
Anticipated number of fundable research partners	7-8
Maximum funding per grant awarded to a partner	No maximum funding limit per partner.
Type of research eligible for funding: eligible TRL range	TRL 1-4, only basic research
Funding rates (approx.)	N/A

<p>Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)</p>	<p>1. Principal Investigator: Any researchers with a doctoral degree, employed at a Polish host institution may act as Principal Investigator or Project Leader.</p> <p>2. Eligible costs - Applicants are obliged to adhere to the rules included in the Annex to terms and regulations on awarding funding for research tasks funded or co-funded under international calls launched by the National Science Centre and carried out as multilateral collaboration UNISONO, available on the NCN website.</p> <p>3. Overhead costs must not exceed a maximum of 20% of the total direct costs and may not be increased during the course of a research project. Additionally, indirect costs of up to 2% of direct costs may be spent on open access to publications and research data.</p>
<p>Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)</p>	<p>At the full proposal stage an NCN proposal covering the Polish part of the project must be prepared by the Polish research team and submitted to the NCN electronically via the OSF submission system.</p> <p>Submission deadline for NCN proposals in ZSUN/OSF: 27 November 2024, 4 p.m. CET (7 days following submission of full proposals in the M-era.Net Proposal Submission Platform).</p> <p>The EUR budget of the Polish part of the project in the joint proposal must be calculated according to the following exchange rate: 1 EUR = 4.3463 PLN.</p>
<p>Submission of financial and scientific reports at the national/regional level</p>	<p>NCN requires submitting annual and final reports. Each report consist of scientific and financial parts.</p>
<p>Further guidance</p>	<p>Detailed information on submitting proposals, project contracts, reporting and settlement of financed projects will be available in the call announcement on the NCN website:</p> <p>https://www.ncn.gov.pl/wspolpraca-zagraniczna/wspolpraca-wielostronna/konkurs-mera?language=en</p>

România: UEFISCDI

Name of Funding agency	UEFISCDI
Geographical coverage (national/regional)	National
Name of the programme/initiative	National Plan for Research and Innovation, 2022-2027.

South Africa: DSI

Name of Funding agency	Department of Science and Innovation																		
Geographical coverage (national/regional)	South Africa																		
Name of the programme/initiative	M.ERA.NET																		
Programme website	www.esastap.org.za																		
Programme owner	Department of Science and Innovation																		
Program manager (executing funding organisation)	Department of Science and Innovation																		
Contact person(s) (e-mail, tel.)	Ms Anita Mnisi: Anita.Mnisi@dst.gov.za Tel: +27 26 63 6328 Ms Ntombi Mchuba: Ntombi.mchuba@dst.gov.za Tel: +27 60 974 6773																		
Funding Commitment	400 000 EUR																		
Anticipated number of fundable research partners	The number of projects will be determined by approved projects that would have met the eligibility criteria and recommended for funding.																		
Maximum funding per grant awarded to a partner	DSI will co-invest up to maximum of 90% of the approved funds for a period not exceeding 36 months with institutions as detailed below:																		
Type of research eligible for funding: eligible TRL range	<table border="1"> <thead> <tr> <th>Type of research</th> <th>Medium & Large Enterprises</th> <th>Small Enterprises</th> <th>Universities & Research Institutions</th> </tr> </thead> <tbody> <tr> <td>Fundamental/Basic Research</td> <td>90%</td> <td>90%</td> <td>90%</td> </tr> <tr> <td>Industrial/Applied Research</td> <td>90%</td> <td>90%</td> <td>90%</td> </tr> <tr> <td>Experimental development</td> <td>90%</td> <td>90%</td> <td>90%</td> </tr> </tbody> </table>	Type of research	Medium & Large Enterprises	Small Enterprises	Universities & Research Institutions	Fundamental/Basic Research	90%	90%	90%	Industrial/Applied Research	90%	90%	90%	Experimental development	90%	90%	90%		
Type of research	Medium & Large Enterprises	Small Enterprises	Universities & Research Institutions																
Fundamental/Basic Research	90%	90%	90%																
Industrial/Applied Research	90%	90%	90%																
Experimental development	90%	90%	90%																
	South African institutions will have to involve the Historically Disadvantaged Institutions (HDI) in their projects, this is for eligibility on National funding																		

<p>Funding rates (approx.)</p>	<p>Direct costs: <u>Travel and Daily subsistence allowance including accommodation</u> The DSI will cover travel costs in line with the guidelines of South African government regulations. <u>Consumables and supplies</u> Any consumables necessary for the implementation of the project may be considered as direct eligible costs. Consumables are only eligible costs under the project if bought after the start date of the project. <u>Costs of personnel</u> DSI will cover personnel cost to be incurred during project implementation. <u>Subcontracting</u> DSI will not prevent SA applicants from subcontract activities within the project but encourages SA researchers to commit to activities that they are mostly able to implement. And will not support subcontracting of parties outside South Africa. The co-investment contract will be between DSI and the main SA applicant and not the subcontractor. Therefore, DSI will not be involved in any agreements/arrangements regarding activities to be implemented and how the reimbursed will be done between main SA applicant and the subcontracted party.</p>
<p>Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)</p>	<p>This call is open to working researchers residing in South Africa and affiliated with a recognised higher education or research institution such as a university, university of technology or science council, small, medium (SMEs) and large enterprises in the private sector and national system of innovation (NSI) organisations involved in R&D.</p> <p>It is “obligatory” for South African lead researcher/principal investigator (PI)s based at historically advantaged institutions, SMEs and large companies to include, as part of the research team, a research partner from any of the historically disadvantaged institutions. Proposals submitted by an applicant based at a historically advantaged institution without a research partner from a historically disadvantaged institution will be ineligible. The research partner from the historically disadvantaged institution in this case can serve as a co-applicant in the proposal.</p> <p>Applicants based at historically disadvantaged institutions can act as PIs and submit proposals without the involvement of and or partnering with researchers based at historically advantaged institutions if they prefer.</p> <p>Please note that only the following eight universities will be recognized as historically disadvantaged in line with the Department of Higher Education and Training November 2015 Ministerial Statement on university funding:</p> <ol style="list-style-type: none"> 1. University of Limpopo (UL) 2. University of Fort Hare (UFH) 3. University of Venda (Univen) 4. Walter Sisulu University (WSU) 5. University of the Western Cape (UWC) 6. University of Zululand (UniZulu) 7. Mangosuthu University of Technology (MUT) 8. Sefako Makgatho Health Sciences University (SMU).

	Historically Disadvantaged Institutions and Individuals also refers to: SMEs owned by Black and Female Individuals. The inclusion of emerging researchers and youth innovators is strongly encouraged.
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	The deadlines will be indicated on the call; however, researchers will be advised to submit their proposals to DSI for advice one month in advance of submitting them to the coordinator.
Submission of financial and scientific reports at the national/regional level	National: Submission of financial and scientific reports will be stipulated in the contracts negotiated between the DSI and the institutions
Further guidance	None

South Korea: KIAT

Name of Funding agency	Korea Institute for Advancement of Technology (KIAT)		
Geographical coverage (national/regional)	National		
Name of the programme/initiative	International Industrial Technology Cooperation Program of MOTIE		
Programme website	www.kiat.or.kr		
Programme owner	Ministry of Trade, Industry and Energy (MOTIE)		
Program manager (executing funding organisation)	KIAT		
Contact person(s) (e-mail, tel.)	<ul style="list-style-type: none"> • Youngji TAK, Director of KIAT Europe office: yjtak@kiat.or.kr / + 32 493-37-95-11 • Heeweon LEE, Researcher : leejen@kiat.or.kr / +82 (0)2-6009-3768 		
Funding Commitment	3 Million Euros		
Anticipated number of fundable research partners	No hard limit on the number of Korean research partners participating in a M-ERA.NET project.		
Maximum funding per grant awarded to a partner	500,000,000 KRW/year (up to 3 years) (Approx. 370,000 EUR/year, up to 3 years)		
Type of research eligible for funding: eligible TRL range	TRL 3 ~ TRL 8		
Funding rates (approx.)	Up to 67% for SMEs, 50% for Mid-tier companies, 33% for Large companies, and 100% for Non-profit organizations (Universities, Governmental Research Institutes)		
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<ul style="list-style-type: none"> • Korean companies, non-profit research institutes and universities are eligible to request funding • At least one Korean company(private) should be included in the Korean consortium • All participating Korean companies must have been in business for more than 1 year as of the date indicated on the business registration certificate • All participating Korean companies should have obtained the "Corporate R&D Centre Accreditation" issued by KOITA(Korea Industrial Technology Association) • Project funding is comprised of government contribution(grants) and civilian dues (cash and in-kind): 		
	Classification	Share of government contribution	Minimum required share of Cash from the civilian dues

	Large Company	Up to 33%	At least 15%
	Mid-tier company	Up to 50%	At least 13%
	SME	Up to 67%	At least 10%
	Other (non-profit)	Up to 100%	Only if necessary
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	<ul style="list-style-type: none"> • Korean consortium should contact KIAT after submitting the Pre-proposal via M-ERA.NET submission platform • Only selected Full-proposals will be invited to submit the national application 		
Submission of financial and scientific reports at the national/regional level	Korean consortium should submit the annual progress report and financial report. Final report should be submitted within 3 months after completing the project.		
Further guidance	www.kiat.or.kr		

Spain: AEI

Name of Funding agency	Agencia Estatal de Investigación (AEI)
Geographical coverage (national/regional)	National
Name of the programme/initiative	Proyectos de Colaboración Internacional (PCI)
Programme website	Proyectos de Colaboración Internacional
Programme owner	Ministerio de Ciencia e Innovación
Program manager (executing funding organisation)	AEI
Contact person(s) (e-mail, tel.)	<p>Representative: Name: Severino Falcón Morales E-mail: severino.falcon@aei.gob.es</p> <p>Administrative and technical issues: Name: Jorge Sotelo Santos; Raquel Fernández Reyes E-mail: era-mat@aei.gob.es</p> <p>Scientific Issues: Name: Dr. Roberto Pacios; Dr. Federico Mompeán García</p>
Funding Commitment	€1,000,000
Anticipated number of fundable research partners	N/A
Maximum funding per grant awarded to a partner	<p>The following funding limits are considered eligibility criteria. Proposals not respecting these limits could be declared non eligible.</p> <p>IMPORTANT: a maximum of two Spanish Partners requesting funding to the AEI in the same Proposal are allowed.</p>

	<p>The following funding limits (including direct + 25 % of indirect costs) are considered eligibility criteria. Proposals not respecting these limits could be declared ineligible. Please, indicate separately direct and indirect cost and keep amounts multiple of 1000. In any case, the AEI will round the numbers to a multiple of 1000.</p> <p>Maximum amount per Proposal NOT coordinated by a Spanish partner funded by AEI:</p> <ul style="list-style-type: none"> • If there is only one Spanish partner in the proposal, the maximum funding is 200.000€. • If there are two Spanish partners, the maximum funding amount per proposal is 250.000€. <p>If the Consortium is led by a Spanish Coordinator funded by AEI, the maximum funding amounts per proposal are the following:</p> <ul style="list-style-type: none"> • if there is only one Spanish Partner in the proposal, acting as Coordinator: 300.000€. • if there is one Spanish Partner in addition to the Spanish Coordinator: 350.000€. <p>Centers formed by different Spanish legal entities will be considered as a unique entity, and thus the maximum funding should not exceed the limits per proposal established above (for example, mixed centers).</p>
<p>Type of research eligible for funding: eligible TRL range</p>	<p>Fundamental/Basic Research, Applied Research, Experimental Research.</p> <p>All TRLs.</p>
<p>Funding rates (approx.)</p>	<p>100% of eligible costs</p>
<p>Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)</p>	<p>The eligible entities for the AEI funding are (check General requirements):</p> <p>Non-profit research organizations (such as universities, public research institutions, technological centres and other private non-profit institutions performing RDI activities in Spain), as per PCI call document (or equivalent).</p> <p>MANDATORY:</p>

The **Spanish Principal Investigators** (PIs) must be eligible as per PCI call (or equivalent) and must have experience as investigators in projects funded by the Plan Nacional I+D+i 2008-2011, the Plan Estatal I+D+i 2013-2016, the Plan Estatal I+D+i 2017-2020, ERC Grants, European Framework Programmes or other relevant international programmes.

Important:

1. Applicants **have to** send to the AEI (era-mat@aei.gob.es) the document “Declaración de responsable” duly signed by the Spanish principal investigator. They must send it until one week after the deadline of the call, i.e. 22 May 2024.

- The document to be signed you can find here ([Word](#)).
- Please, pay special attention to points 8, 9 and 10 of the declaration linked to the incompatibilities

2. The applicants should include the PI’s full name and the full name of their institution as it is stated in the “[Sistema de Entidades \(SISEN\)](#)”.

Incompatibilities (these must be taken into account when participating in different ERA-NETs or other international initiatives):

- Principal Investigators will not be eligible for funding if they apply in more than one proposal of this transnational joint call, in more than one proposal in the same PCI call (or equivalent) and in PCI calls (or equivalent) of consecutive years.
- If the same PI submits two or more proposals to the present call, all but one will be declared ineligible, without the possibility of changing the PI.
- A PI that has been granted a PCI the previous year will be declared ineligible, without the possibility of changing the PI.
- PIs must remain unchanged between the proposal of this transnational joint call and the national PCI call.

Please consult the specific [document](#) on eligibility for PCI calls.

The AEI will avoid double funding and will not grant projects or parts of projects already funded through other national or EU calls.

Eligible costs:

- Only personnel costs for exclusive dedication to the project are eligible. The costs of permanent staff linked to the beneficiary entity or members of the research team will not be considered eligible costs.
- Direct costs such as current costs, small scientific equipment, disposable materials, travelling expenses, coordination costs, and other costs that can be justified as necessary to carry out the proposed activities. VAT could be non eligible, depending on the application of RRF funds.
- Indirect costs (overheads) are eligible costs (25% of total direct costs, including outsourcing).
- Subcontracting should not exceed 25% of total final budget (excluding overheads).

Prioritisation criteria:

In the case two or more projects are considered equal with respect to their scientific merits, the AEI will prioritise funding projects that comply with more of the following criteria:

- Consortium is led by a Spanish Coordinator funded by AEI
- Consortium includes a Spanish Industrial partner (requesting funding or participating with own funds)
- Scientific relevance of the Spanish team contribution
- Alignment with the [Estrategia Española de Ciencia, Tecnología e Innovación 2021-2027](#) and the [Plan Estatal de Investigación Científica, Técnica y de Innovación 2021-2023](#).

Mandatory acknowledgement:

	Any publication or dissemination activity resulting from the granted projects must acknowledge funding by the Agencia Estatal de Investigación: “Project (reference nº XX) funded by the Agencia Estatal de Investigación through the PCI XX call (or its equivalent)”.
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Only for selected projects. Please consult PCI 2024-1 for specific details of the procedure, since requirements will be similar.
Submission of financial and scientific reports at the national/regional level	Yes
Further guidance	<p>Instrument for funding the Spanish groups:</p> <p>The instrument for funding Spanish groups is the Spanish call on RDI projects “Proyectos de Colaboración internacional (PCI)”, applicants are encouraged to consult the call PCI 2024-1 since the requirements will be similar.</p> <p>Funding Programme:</p> <p>The framework for this funding action is the Plan Estatal de Investigación Científica, Técnica e Innovación 2021-2023. On a national level, the Call will be managed by the Subdivisión de Programas Científico-Técnicos Transversales, Fortalecimiento y Excelencia of the AEI. Subdivisión de Programas Científico-Técnicos Transversales, Fortalecimiento y Excelencia of the AEI</p> <p>Do No Significant Harm principle (DNSH)</p> <p>The projects granted under this call are encouraged to comply with the DNSH criteria (do not significant harm) and state it so in the proposal (see article 6.3 RC-PCI2024-1)</p> <p>Data Protection:</p> <p>By submitting a grant application to the AEI, the applicants consent to communication of the data contained in the application to other public administrations, with the aim of further processing of the data for historical, statistical or scientific purposes, within the</p>

	framework of the Organic Law 3/2018, of December 5, on Personal Data Protection and Guarantee of Digital Rights.

Basque Country (Spain): EJ-GV

Name of Funding agency	EJ-GV (EUSKO JAURLARITZA – GOBIERNO VASCO)
Geographical coverage (national/regional)	Regional: The Basque Country (Spain)
Name of the programme/initiative	HAZITEK
Programme website	https://www.euskadi.eus/ayuda_subvencion/2024/hazitek-2024/web01-tramite/es/
Programme owner	Consejería de Desarrollo Económico, Sostenibilidad y Medio Ambiente– Eusko Jaurlaritza - Gobierno Vasco / Basque Government - The Ministry for Economic Development, Sustainability and Environment
Program manager (executing funding organisation)	Innobasque – Agencia Vasca de la Innovación / Innobasque - Basque Innovation Agency
Contact person(s) (e-mail, tel.)	Judith De Prado Olivenza / Catalina Chamorro Silgado ideprado@innobasque.eus / cat-chamorro@euskadi.eus +34 944 209 488 / +34 945 018 210
Funding Commitment	500.000 €
Anticipated number of fundable research partners	No limit
Maximum funding per grant awarded to a partner	250.000€ funding per beneficiary and per year
Type of research eligible for funding: eligible TRL range	TRL: 4 - 7
Funding rates (approx.)	Up to 45% of eligible costs in the case of Industrial research and up to 30% in the case of experimental development. Maximum amount of funding: 250,000€ funding per beneficiary and per year. Minimum annual budget for a Basque company: 50.000 € to be eligible
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	Beneficiaries: Small, medium and large companies and company associations. Research centers, universities and public entities only if subcontracted by the beneficiaries. Type of research eligible for funding: Industrial research and experimental development. Thematic restriction and other remarks: Proposals must fit within Basque Country's strategic specialization areas defined in the PCTI 2030: smart industry, cleaner energies, personalised healthcare, healthy food, eco-innovation, sustainable cities, creative Basque Country
Submission of the proposal at national/regional level	Basque partners must submit the proposal (in Spanish or Basque) to the regional programme in 2025 call. Deadlines are defined yearly.

(schedule, cut-off dates, deadlines, etc.)	
Submission of financial and scientific reports at the national/regional level	During the first trimester (1st January – 31th March aprox)
Further guidance	

ASTURIAS- SPAIN: SEKUENS

Name of Funding agency	Asturian Agency for Science, Business Competitiveness and Innovation (SEKUENS Agency)		
Geographical coverage (national/regional)	Regional		
Name of the programme/initiative	Grants for international R&D projects in Asturias under ERA.net and European Partnerships schemes (pending to be updated)		
Programme website	https://www.idepa.es/detalle-ayuda/-/asset_publisher/EorU9gEBOv3g/content/subvenciones-para-proyectos-colaborativos-transnacionales-de-i-d-para-el-sector-materiales-meranet-empresas- (pending to be updated)		
Programme owner	SEKUENS		
Program manager (executing funding organisation)	SEKUENS		
Contact person(s) (e-mail, tel.)	Ms Ana E. Fernández Monzón anae@sekuens.es		
Funding Commitment	250.000€		
Anticipated number of fundable research partners	2-3		
Maximum funding per grant awarded to a partner	200.000€ (100.000€ - most likely) <i>(pending an update to reduce this figure to 150.000€; please contact SEKUENS)</i>		
Type of research eligible for funding: eligible TRL range	4-7		
Funding rates (approx.)		Industrial Research	Experimental Development
	Small size	80%	60%
	Medium Size	75%	50%
	Large Companies	65%	40%
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<p>Types of organisations Only companies (whatever sized) are eligible. R&T Centres & Universities are welcome as subcontractors.</p> <p>Eligible costs:</p> <ul style="list-style-type: none"> a. Personnel costs (experienced researchers and technicians). Social Security not included. b. Depreciation costs of instruments and equipment corresponding to the life of the research project, calculated based on good accounting practices. 		

	<p>c. Cost of contractual research: technical knowledge and patents bought or licensed at market prices, and costs of consultancy and equivalent services used exclusively for the research activity.</p> <p>d. Costs of materials, supplies and similar products directly linked to the research activity.</p> <p>e. Travelling costs incurred directly as a result of the research project.</p> <p>f. Cost of the audit.</p> <p>g. 25% of the personnel cost as a flat rate.</p> <p>Regional applicants - minimum budget 150.000€ (pending an update to reduce this figure to 100.000€€; please contact SEKUENS)</p> <p>Project category and thematic content The contribution of the regional partners to the international project must fall within the category of Industrial Research or Experimental Development as described in the Commission Regulation (EU) No 651/2014 of 17 June 2014. The activities to be carried out by the regional partners must be aligned with the S3 strategy.</p>
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Yearly call. One step procedure.
Submission of financial and scientific reports at the national/regional level	Only one final report, at the end of the project
Further guidance	Only one final report, at the end of the project

Switzerland: SFOE

Name of Funding agency	Swiss Federal Office of Energy (SFOE)
Geographical coverage (national/regional)	Switzerland
Name of the programme/initiative	Energy research programmes
Programme website	https://www.bfe.admin.ch/bfe/en/home/research-and-cleantech/research-programmes.html
Programme owner	Swiss Federal Office of Energy (SFOE)
Program manager (executing funding organisation)	Swiss Federal Office of Energy (SFOE)
Contact person(s) (e-mail, tel.)	Topic 1: Stefan Oberholzer (stefan.oberholzer@bfe.admin.ch , +41 58 465 89 20) Topic 6: Roland Brüniger (roland.brueeniger@brueniger.swiss , +41 44 760 00 66)
Funding Commitment	Topic 1: EUR 650'000 Topic 6: EUR 350'000
Anticipated number of fundable research partners	-
Maximum funding per grant awarded to a partner	-
Type of research eligible for funding: eligible TRL range	TRL ≥3
Funding rates (approx.)	80% for public institutions, 50% for private organisations
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	The participation of industrial partners (i.e. manufacturers at material, device and application level) is strongly desired to ensure the relevance of the research to technological development and to provide advice and data. Exceptions must be clearly justified. Topic 1: Projects should primarily focus on batteries and, in second priority, on fuel cell and hydrogen technology. See the national call text for details. Topic 6: Projects must focus on the <i>Sustainability of semiconductors and circular economy in Power Electronics</i> . See the national call text for further details.
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	Applicants must submit a national full proposal (see Section 3.4 of the Directive) by 20 November 2024 . The official application forms have to be used and sent to: Topic 1: Stefan Oberholzer (stefan.oberholzer@bfe.admin.ch) Topic 6: Roland Brüniger (roland.brueeniger@brueniger.swiss)
Submission of financial and scientific reports at	See Section 4, "Monitoring and reporting", of the Directive

the national/regional level	
Further guidance	<ol style="list-style-type: none">1. National call text2. Directive on the submission and evaluation of applications for financial support for energy research, pilot and demonstration projects and authorisation of sandbox projects <p>Swiss applicants are obliged to contact the responsible SFOE programme manager at least two weeks before the submission deadline for pre-proposal, i.e., 30 April 2024:</p> <p>Topic 1: Stefan Oberholzer (stefan.oberholzer@bfe.admin.ch, +41 58 465 89 20)</p> <p>Topic 6: Roland Brüniger (roland.brueeniger@brueniger.swiss, +41 44 760 00 66)</p>

TAIWAN: NSTC

Name of Funding agency	National Science and Technology Council (NSTC), Taiwan
Geographical coverage (national/regional)	National
Name of the programme/initiative	M-ERA.NET
Programme website	https://www.nstc.gov.tw/?l=en
Programme owner	National Science and Technology Council (NSTC), Taiwan
Program manager (executing funding organisation)	National Science and Technology Council (NSTC), Taiwan
Contact person(s) (e-mail, tel.)	Dr. Ian Liao (Email: ianliao@nycu.edu.tw) Dr. Ching-Mei Tang (Email: cmtom@nstc.gov.tw) Mr. Randy Chang (Email: mcchang76@gate.sinica.edu.tw)
Funding Commitment	0.75 M€
Anticipated number of fundable research partners	2-3
Maximum funding per grant awarded to a partner	<ul style="list-style-type: none"> The maximum amount per year per project is €90,000.00 (about NTD3,000,000). The decision regarding the exact amount of the grant is dependent on the result of the NSTC's internal reviews. The number of grants of every principle investigator must comply with NSTC's regulation of the max number of two international cooperation projects granted by NSTC for the same duration. For more about the budget requirements of the projects based on which applicants can apply to NSTC for funding, please refer to: https://www.nstc.gov.tw/folksonomy/list/f6d5c23c-b3ce-438e-911b-12a705dbac5a?l=ch
Type of research eligible for funding: eligible TRL range	TRL 2-9
Funding rates (approx.)	The maximum amount per year per project is €90,000.00 (about NTD3,000,000)
Major eligibility criteria (e.g. types of organisations, thematic restriction, cost types and caps)	<p>In compliance with the NSTC's regulation 'Operation Guidelines for NSTC Research Grants':</p> <ul style="list-style-type: none"> Applicant institutions (i.e., research conducting institutions) shall be approved by NSTC to be eligible recipients of subsidisation in accordance with the 'Operation Guidelines for Institutions Applying for NSTC Grants'. The eligible institutions are classified into three categories as follows: <ol style="list-style-type: none"> Taiwanese public/private colleges and universities. Taiwanese public/private research institutions. Taiwanese Medical institutions. Principal Investigator(s) must meet several qualifications. For more information about the qualifications

	<p>please refer to: https://www.nstc.gov.tw/folksonomy/list/f6d5c23c-b3ce-438e-911b-12a705dbac5a?l=ch</p> <p>In principle, the NSTC (Taiwan) does not directly subsidise the industry.</p>
Submission of the proposal at national/regional level (schedule, cut-off dates, deadlines, etc.)	<ul style="list-style-type: none"> Taiwanese project partners shall submit a proposal to the NSTC for national financing after the project has been selected and approved for funding through the M-ERA.NET evaluation and selection process. The proposals are required to be submitted to NSTC for funding as soon as possible as the internal process of the NSTC generally takes 6 months.
Submission of financial and scientific reports at the national/regional level	<p>please refer to: https://www.nstc.gov.tw/folksonomy/list/f6d5c23c-b3ce-438e-911b-12a705dbac5a?l=ch</p>
Further guidance	<p>please refer to: https://www.nstc.gov.tw/folksonomy/rfpDetail/c1a582ae-95bc-4449-908f-590d6cb409ea?l=ch</p>

TÜRKİYE : TÜBİTAK

Name of Funding agency	The Scientific and Technological Research Council of Türkiye- TÜBİTAK
Geographical coverage (national/regional)	Türkiye (National)
Name of the programme/initiative	1071 Programme - Support Programme for Increasing Capacity to Benefit from International Research Funds and Participation in International R&D Cooperation
Programme website	http://www.tubitak.gov.tr/sites/default/files/256_sayili_bk_islenmis_hali-1071-1_0.pdf
