Joint Call 2026

M-ERA.NET

www.m-era.net

M-ERA.NET JOINT CALL 2026

Funding is offered to innovative projects focusing on

- Materials for energy storage and distribution systems
- Materials for energy conversion
- Innovative surfaces, coatings and interfaces
- Innovative functional materials with defined architectures
- Materials addressing environmental challenges
- Next generation materials for electronics

Detailed description of the topical fields and the application procedure is given in the Guide for Proposers.

CALL 2026 SCHEDULE

- Call launch: 4 March 2026
- Pre-proposal submission deadline: 12 March 2026
- Full proposal submission deadline: 18 November 2026
- Start of funded projects: March-September 2027

KEY DATA

- Detailed information about call can be found at www.m-era.net/joint-calls/joint-call-2026
- All applicants are requested to contact their national/regional funding organisations to confirm national/regional funding rules. Contact persons are listed in the Guide for Proposers

STRATEGIC IMPACT

M-ERA.NET will enable collaboration between leading academic and industrial research partners from European and non-European countries and regions and will facilitate access to previously inaccessible new markets.

The joint calls will mobilise a critical mass of public funding to support key players in materials research to intensify their partnerships and to encourage newcomers to realise innovative RTD projects.

This increased interdisciplinary cooperation and exploitation of European and international roadmaps will create a new dynamism in the field of materials research and innovation whilst stimulating the generation of leading knowledge along the innovation chain.
